

THE ALL-NEW HOMELINK®

 **HomeLink**
BY GENTEX CORPORATION

HomeLink®

HomeLink is the most widely used and trusted car-to-home automation system that uses RF and wireless cloud-based transmission to operate gates, garage doors, home lighting, thermostats, locks, security systems, and other compatible home automation devices.

- **AUTO-DIMMING:** Automatically darkens to eliminate glare
- **FRAMELESS DESIGN:** Enhanced aesthetics to complement any vehicle interior
- **CAR-TO-HOME AUTOMATION:** Control garage doors, gates, home lighting, and more
- **INTEGRATED HOMELINK 5:** 99% compatibility with garage door openers and security gates
- **COMPATIBILITY:** Compatible with any wedge mount vehicle along with others using adaptors (GENMM1, GENMM2, GENMM3)

HomeLink Connect™

Drivers can take advantage of cloud-based wireless communication with the HomeLink Connect app — a new home automation app that grants drivers access to an increasing array of cloud-based home automation devices.

Once configured, the app pairs with your Bluetooth-enabled rearview mirror, allowing you to activate compatible home automation devices with your vehicle-integrated HomeLink buttons.

Download and configure the app by searching for HomeLink Connect in the App Store/Google Play to control a myriad of individual home automation devices or set up entire home automation “scenes”. Available for iOS and Android, free for 1 year — \$1.99 renewal after first year (exchange rates apply)

HomeLink® and the HomeLink House® logo are registered trademarks of Gentex Corporation. The Bluetooth® word mark and logos are registered trademarks owned by Bluetooth SIG, Inc. and any use of such marks by Gentex Corporation is under license.

Getting Started is Easy!

- Download the app
- Create a HomeLink Account
- Link Your Existing Home Automation Accounts
- Configure the App and In-Vehicle Controls
- Connect or Pair Your Phone to the Vehicle
