

VISION MATTERS

GENTEX NEWS & TECH UPDATES.

EVENTS

SEMA RECAP

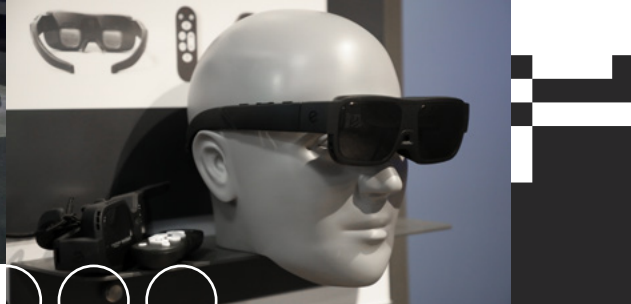

Gentex was at the SEMA Show in Las Vegas this past November. The Gentex booth showcased our growing product portfolio, including car-to-home automation, connectivity, and e-concierge products, in addition to digital rearview mirrors for passenger vehicles and professional race car integration.

CES 2023

At CES 2023, Gentex showcased its product portfolio designed to help automakers progress toward the autonomous age with scalable, camera-based driver-assistance features ready for implementation on today's vehicles. In addition, the company debuted an all-new aircraft mockup that demonstrated next-gen features designed to enhance the flight experience.

PRODUCT

GNTX-R

Over the years, we've partnered with some of the world's leading race teams, like Audi Motorsports, Toyota Gazoo Racing, Nissan Motorsports, and others. Recently, we featured a NASCAR Next Gen car equipped with the R-Series Full Display Mirror.

ESIGHT GO

eSight Go is the latest in a line of vision-enhancing electronic eyewear designed to help those with low vision regain sight. Gentex utilized its expertise in digital vision, software development, and industrial design to help develop the eSight Go. It will be manufactured by Gentex and is currently targeted for launch later in 2023.

CORPORATE INITIATIVES

LEP PROGRAM

Gentex created the Limited English Proficiency Program (LEP) for Spanish speaking individuals to create more opportunities in the workplace and create a more inclusive environment. This program was a step forward to opening its doors to the diversity found in the local community and currently has more than 190 Spanish speaking employees. [Learn more here](#)

GENTEX FOUNDATION

The Gentex Foundation provides financial contributions to nonprofit organizations in the communities where our employees live, work, serve, and play. Our grants uphold our values of integrity, compassion, innovation, and diversity while supporting long-term and short-term needs in the community.
